EDUCATION

Dayananda Sagar College of Engineering

Bachelor of Engineering in Computer Science

Bengaluru, KA

Aug. 2023 – Present

TECHNICAL SKILLS

Languages: JavaScript, TypeScript, Python, C++, C, Bash

Frameworks/Libraries: Node.js, React.js, Next.js, Express.js

Databases: Supabase (PostgreSQL), MongoDB

Tools & Platforms: Linux, Git, GitHub, Docker, Postman, VS Code, Cloudflare Workers

AI & Automation: Agentic AI Workflows, LLM Integration, Prompt Engineering, Security Automation

PROJECTS

LifeGrid | *JavaScript, Cloudflare Workers, HTML, CSS, SVG, Zod*

[[GitHub](#) | [Live](#)]

- Built and open-sourced a dynamic wallpaper generation platform serving 500+ daily active users
- Designed a serverless SVG-to-PNG rendering pipeline using Cloudflare Workers and resvg-wasm for high-resolution wallpaper generation
- Implemented secure query validation and input sanitization using Zod to prevent malformed or malicious requests
- Optimized real-time rendering for multiple device resolutions and time-based visualizations

Leak-Disclosure | *React, Node.js, Express, Supabase, Stripe, Clerk*

[[GitHub](#)]

- Developed a full-stack SaaS breach monitoring platform with secure authentication and subscription-based access
- Integrated Clerk for JWT-based authentication and protected user session management
- Implemented Stripe subscription billing with webhook handlers to manage recurring payments, upgrades, and cancellations

OPEN SOURCE CONTRIBUTIONS

AperiSolve (Maintainer & Contributor)

Contributions

Contributed multiple pull requests to improve functionality and reliability; integrated Sentry for real-time error monitoring. Fixed CI/CD pipelines and Analyzers.

Vercel/streamdown (Contributor)

Contributions

Delivered multiple PRs enhancing Markdown UX: improved image fallback handling, implemented table export as Markdown, optimized Mermaid rendering, and added accessibility improvements.

pyinstxtractor-ng (Contributor)

PR #21

Enhanced the Python executable extraction tool by adding metadata inspection via an `--info` flag and improving zlib decompression handling to support more complex binaries.

ACHIEVEMENTS & INVOLVEMENT

Decipher Blitz

1st Place

Solo CTF with timed challenges under 5 minutes; finished 1st organized by Aegis Club Cyber Sec Dept.

TechnoSeek

1st Place

Competitive CTF event combining flag solving with a treasure hunt experience; our team secured 1st position.

PhaseShift CTF

2nd Place

Annual CTF organized by BMSCE; our team finished in 2nd place.

PBCTF v3 and v4

Top 10

Annual CTF organized by Point Blank Club; our team ranked in the top 10.
